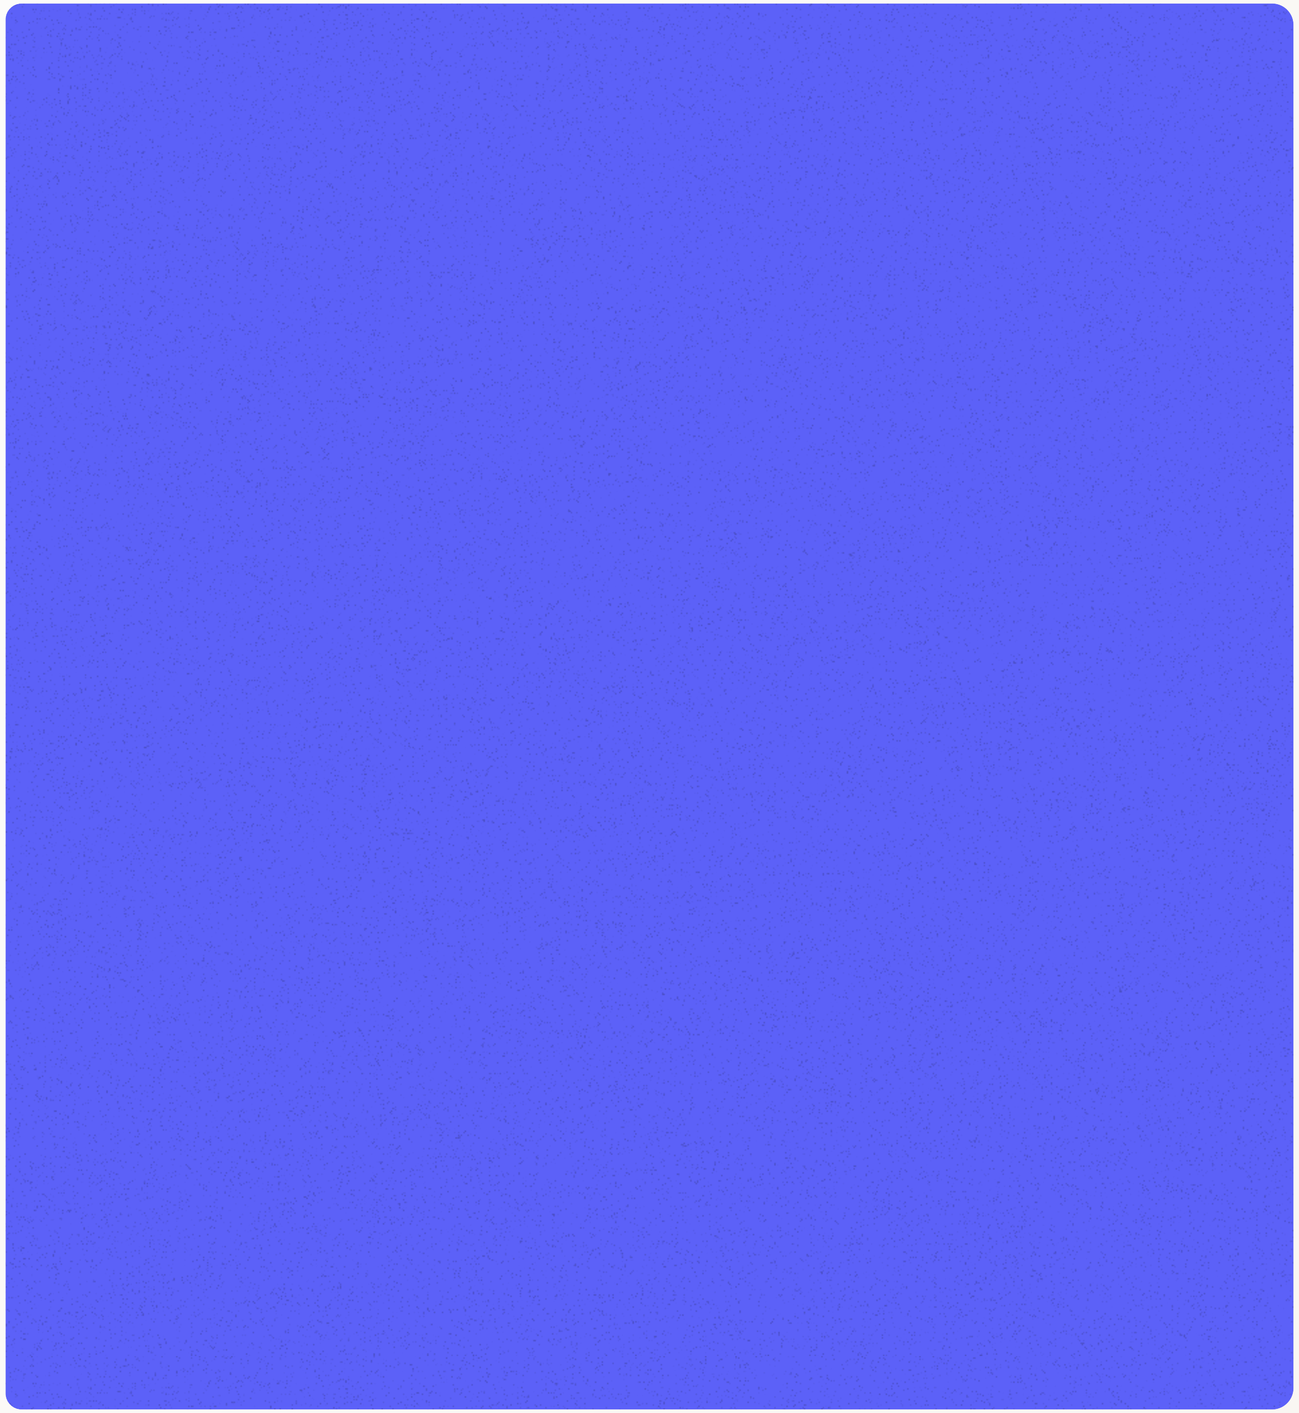
1

Who we are —



This is our Cat-Venture

Founded in 2018, FatCat Coders set out to make hiring easy and hassle-free. 🏁

2018.

2024.

Over the past six years, we've placed skilled engineers on various projects.

We've gathered feedback to create a **fresh, needs-focused approach** that connects you with the right talent while we handle the admin work.

And it's more than us just handling the traditional admin support like legal, payroll and contracts. We also look after the **motivation** and **productivity** of your engineers by providing essentials such as:

- **home office gear**
- **extra training**
- **workspace setup**
- **private health insurance**

...AND MORE! 🎉

💡 Think of us as a reliable partner ready to support you, while letting *you* take the lead.

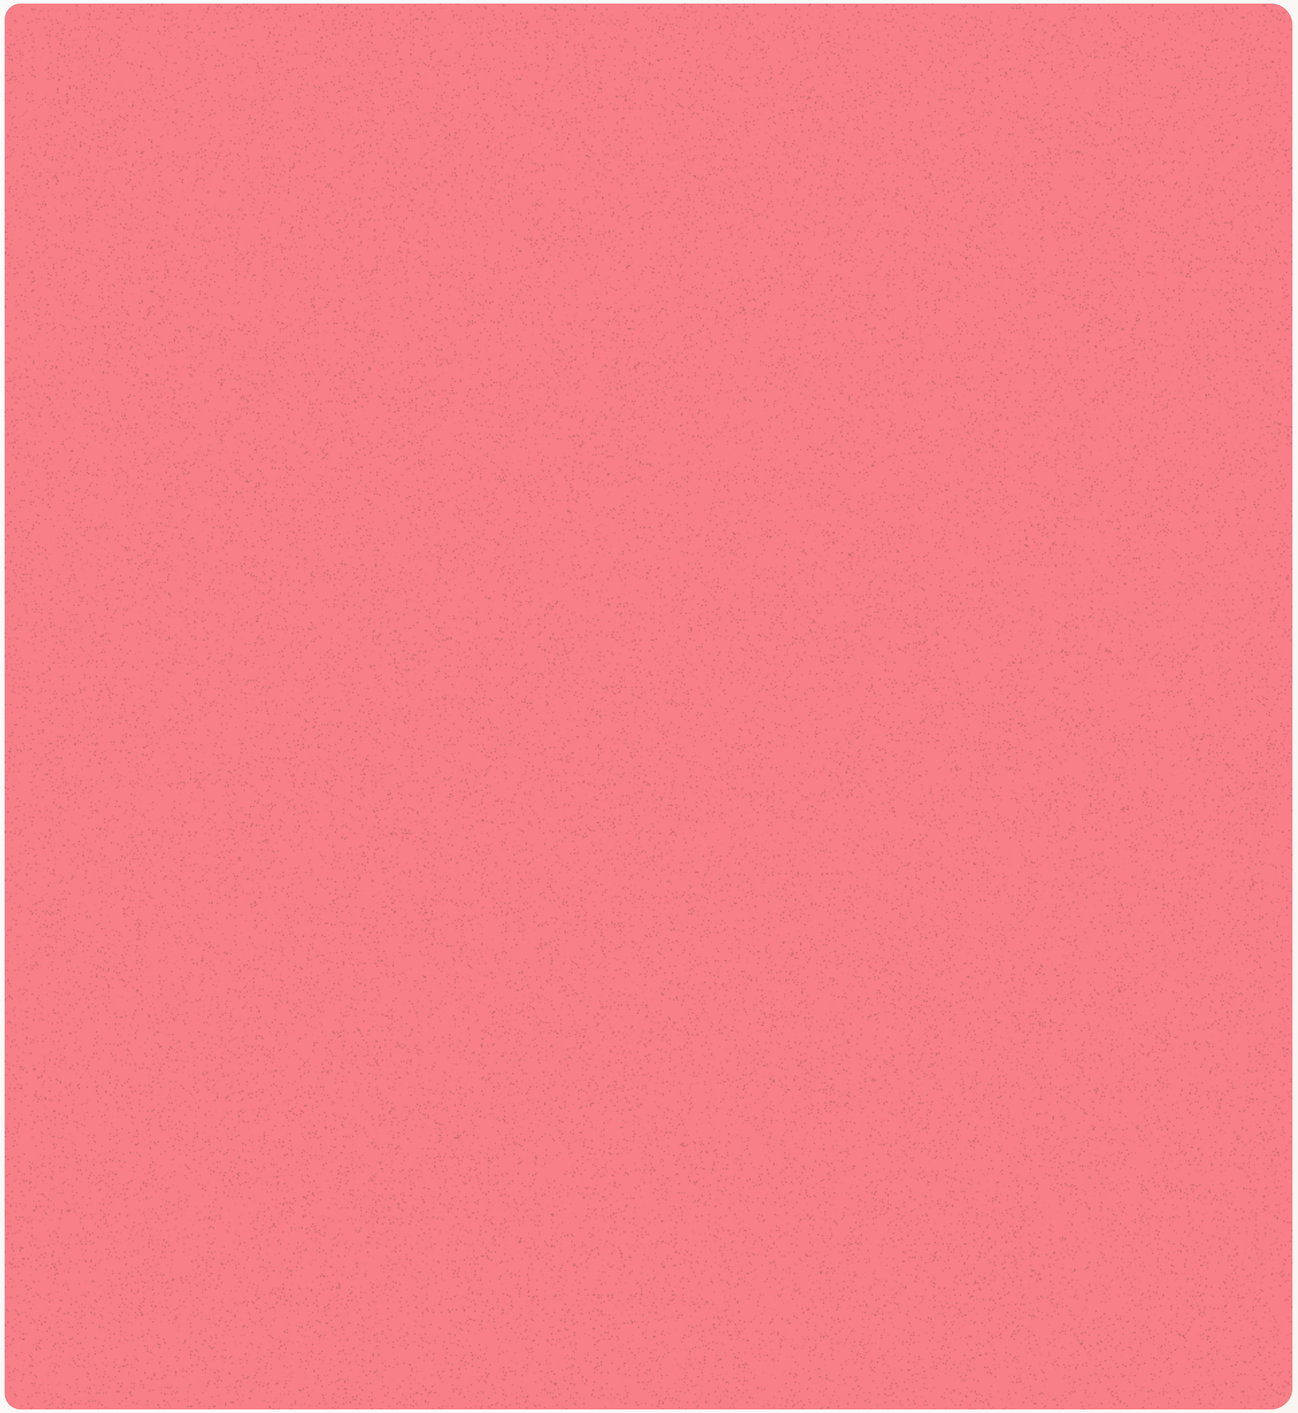
©FATCAT CODERS 2025.

...and this is the team behind FatCat Coders!

©FATCAT CODERS 2025.

2

How can we help you —



What we're taking off your hands?

We combine the best of both worlds by providing skilled engineers who seamlessly integrate into your team, allowing you to focus on managing your projects effectively.

Here's a clear breakdown of shared responsibilities 👉

Responsibility	Ours	Yours
Legal, payroll, and administrative work	✓	
Employee onboarding	✓	✓
Employee offboarding	✓	
Office space and home office work necessities	✓	
Courses and education	✓	
Performance review	✓	✓
Care of employee satisfaction	✓	✓

©FATCAT CODERS 2025.

...and here is how we'll make a difference in 4 steps!

1

Tell us your requirements

Hop on a call with us and share your requirements. After the call we'll review our talent pool to find the perfect candidate for you, ensuring a great match.

2

Meet your engineer

Prepare your questions, because we'll set up a call with your engineer, giving you the chance to ask questions and assess their fit for your project.

3

Hooray! Your trial has officially kicked off

Enjoy a 30-day trial!

If your chosen engineer isn't the right fit, you can cancel at no charge or request a better replacement.

4

Focus on your project, and we handle the rest

We take care of the end-to-end administration, allowing you to concentrate on what truly matters —

building your product.

3

What others say about us —

6 years

50+ clients

200+ engineers

70+ projects

For the past six years, FatCat Coders has been on an exciting journey, placing over 200 skilled engineers for more than 50 clients across a wide range of projects. The engineers we've placed have successfully completed over 70 projects, helping businesses bring their visions to life.

Looking back, we're proud of the strong relationships we've built and the innovations we've fostered with our clients.

Calendly: Scalable hiring solution

Calendly is a leading platform for automating meeting scheduling, designed to make booking meetings hassle-free.

Since 2020, we've teamed up with Calendly to help them grow their tech team and boost productivity.

They were on the lookout for top-notch engineering talent to support their stable growth, and they needed a speedy, reliable hiring partner to get additional engineers and seamlessly integrate them into the existing team.

©FATCAT CODERS 2025.

Here is how we've supported them so far

- Supported their team expansion with over 15 diverse tech experts from our talent pool
- Placed engineers have enhanced the core product while also developing the marketing website
- Provided flexible engagement options that enabled effective cost management

©FATCAT CODERS 2025.

What we love about working with Calendly

Working with Calendly is such an inspiring experience for us! 🤗

We enjoy collaborating with their team, and the strong alignment in company culture has created a welcoming atmosphere for the placed engineers, making every moment enjoyable!

Kevin Skibbe

HEAD OF ENGINEERING @ CALENDLY

★★★★★

Go-to platform for team scaling

I appreciated the FatCat Coders' dedication to quality, timeliness of the work, and ability to be flexible to meet our needs. Their level of responsiveness and engagement was wonderful.

©FATCAT CODERS 2025.

Insightful: Building the core team and beyond

Insightful is a team-automated tracking tool designed to monitor app and website usage while track activity in real-time.

When collaborating with startups that have a clear vision and technical expertise, we understand the importance of **building a strong team** to help them realize their ideas.

Recognizing their need for a quick and dependable hiring partner, we began by bringing on the first HR member for Insightful's team and then expanded by adding over 14 engineers and support roles.

©FATCAT CODERS 2025.

Here is how we empowered their team

- Hired the core team that grew up to 90 people
- The engineers we hired helped them implement microservices; integrations and automatic time mapping
- Created a foundation for continuous growth, enabling the team to keep up with the latest tech innovations

©FATCAT CODERS 2025.

Our exciting adventure with Insightful

We especially enjoyed helping them develop a team from scratch, understanding their values, and facilitating a quick and seamless expansion.

Today, we love watching how Insightful's products are growing and evolving, and seeing the positive impact they have on their users!

Ivan Petrovic

CEO @ INSIGHTFUL

★★★★★

As a fast-growing tech startup, we had to fill many positions pretty fast. FatCat Coders were able to plug in and play the role of an entire easy-hiring team for us. They have access to extraordinary engineers, who are ready to fulfil all of our requests.

©FATCAT CODERS 2025.

Enjoy Good Health: Healthcare meets e-commerce

Enjoy Good Health is a fast-growing US based vitamin and supplement brand with special focus on respiratory problems.

A team of medical experts wanted to grow their business online with an e-commerce platform but faced challenges due to their limited technical expertise.

They needed support to improve their online presence and tackle this challenge from a new angle. Since they lacked experience in hiring and onboarding tech teams, they opted for our **easy hiring approach**.

©FATCAT CODERS 2025.

So, here’s how the engineers we matched them with really helped

- Developed a custom e-commerce website integration with the existing CMS
- Integrated Stripe for seamless online payments
- Enhanced SEO by adding over 100 keywords, securing a top 20 position on Google

©FATCAT CODERS 2025.

How we enjoyed working with Enjoy Good Health

Working with their team has been a rewarding experience, as their vision and dedication made the collaboration both enjoyable and impactful.

Having worked together before, we look forward to tackling future challenges with them again.

Lori Atkins

OWNER @ ENJOY GOOD HEALTH

★★★★★

We explored various platforms like Upwork to find a service provider who truly grasped our business and its unique needs among the abundance of options available. Despite the vast selection, we struggled to find the expertise.

What makes us different —

So, what really sets us apart is:

1. our approach to easy hiring and onboarding
2. our commitment to your long-term success through continuous support

Quick talent matching

We'll match you with skilled engineers, typically within just 2 working days, ensuring you quickly get the right fit.

Tailored onboarding experience

Our onboarding aligns each engineer with your company culture and project goals from day one.

High-quality talent screening

Our rigorous vetting process ensures engineers have the right skills and experience for your needs.

Cost-effective solutions

Our approach simplifies the process and eliminates hidden hiring costs, making it both affordable and hassle-free.

©FATCAT CODERS 2025.

So, what really sets us apart is:

1 our approach to easy hiring and onboarding

2 our commitment to your long-term success through continuous support

Proactive talent management

We continuously monitor engineer satisfaction and progress, allowing us to address any needs promptly.

Continuous feedback loop

We maintain open communication with you and your engineers to gather insights and make adjustments, ensuring effective collaboration.

Full engineer care

We provide engineers with essential benefits and more, promoting a positive and productive environment.

Client-centered support

Our team is always available, providing reliable assistance whenever needed.
